

Contents

NUMBER 1, FEBRUARY 1984

Mini-review

- 1 The development of the Björk-Shiley artificial heart valve
V. O. Björk

Original articles

- 5 Influence of somatostatin on splanchnic haemodynamics in patients with liver cirrhosis
L. S. Eriksson, D. H. Law, Y. Sato and J. Wahren
- 13 Long-term monitoring of arterial pO_2 in burned patients
E. Nilsson and C. Arnander
- 23 The relative isometric strength of type I and type II muscle fibres in the human quadriceps
A. Young
- 33 Overestimation of inspiratory upper airway resistance
B. Bake, H. Ejnell, R. Sixt and I. Månsson
- 41 Renal blood flow and metabolism after cold ischaemia: peroperative measurements in patients with calculi
J. H. Henriksen and H. K. Petersen
- 51 The effect of phototherapy on extracellular water and transvascular protein exchange in psoriasis
B. Staberg
- 61 Calculation of ^{51}Cr -EDTA clearance in children from the activity in one plasma sample by transformation of the biexponential plasma time-activity curve into a monoexponential with identical integral area below the time-activity curve
S. Groth
- 75 ^{51}Cr -EDTA clearance determined by one plasma sample in children
S. Groth and M. Aasted
- 85 Instructions to authors

Contents

NUMBER 2, APRIL 1984

Original articles

- 89 Left ventricular diastolic relaxation and pressure-diameter relations during ischaemic left ventricular failure in the dog
E. S. P. Myhre and H. Pieñe
- 103 Plasma volumes, noradrenaline levels and renin activity during posture changes in end-stage renal failure
H. A. Koomans, A. B. Geers, P. Boer and E. J. Dorhout Mees
- 117 Effect of exercise training on plasma catecholamines and haemodynamics of adolescent hypertensives during rest, submaximal exercise and orthostatic stress
J. M. Hagberg, D. Goldring, G. W. Heath, A. A. Ehsani, A. Hernandez and J. O. Holloszy
- 125 Effect of exercise training on plasma high-density lipoprotein cholesterol level at constant weight
M. Higuchi, I. Hashimoto, K. Yamakawa, E. Tsuji, M. Nishimuta and S. Suzuki
- 135 Quantitative reticuloendothelial function of liver and spleen in man
K. Winkler and L. T. Skovgård
- 147 Early changes in oesophageal function in progressive systemic sclerosis: a comparison of manometry and radiology
B. Blom-Bülow, G. Sundström, B. Jonson, U. Tylén and F. A. Wollheim
- 159 Fat metabolism following an intravenous bolus dose of a fat emulsion and carnitine
G. Cederblad
- 169 Videophotometric capillaroscopy for evaluating drug effects on skin micro-circulation - a double-blind study with nifedipine
J. Östergren and B. Fagrell

Short communications

- 177 Methodological variation in systolic time intervals
J. Mustonen, M. Uusitupa, K. Selkäinaho and E. Länsimies
- 183 Effect of immobilization of short duration on the muscle fibre size
C. F. Lindboe and C. S. Platou
- 189 Is there a change in relative muscle fibre composition with age?
G. Grimby, A. Aniansson, C. Zetterberg and B. Saltin

Contents

NUMBER 3, JUNE 1984

Editorial

- 195 Interaction of neuropeptides and classical transmitters in the regulation of circulation
B. Pernow

Mini-review

- 201 Exercise testing in the evaluation of patients with valvular aortic stenosis
N-H. Areskog

Original communications

- 209 Regional myocardial tissue blood flow during β -adrenergic blockade in cat hearts with acute ischaemia
L. Stangeland, K. Grong and J. Lekven
- 221 Myoglobin release in patients with angina pectoris following short-term ischaemia by pacing to angina
C. Sylvén, B. Berglund and L. Kaijser
- 227 The role of basal glucagon levels in the regulation of splanchnic glucose output and ketogenesis in insulin-deficient humans
O. Björkman, P. Felig and J. Wahren
- 243 Comparison between $^{99}\text{Tc}^m$ -porcine plasmin and $^{99}\text{Tc}^m$ -labelled erythrocytes in diagnosis of deep vein thrombosis
C-M. Edenbrandt, J. A. Dahlström, J. Nilsson and P. Ohlin
- 253 Sympathetic vasoconstrictor nerve function in alcoholic neuropathy
K. Jensen, K. Andersen, T. Smith, O. Henriksen and B. Melgaard

Letter to the Editor

- 264 Comments to the recent papers by Palm, Nielsen and Lassen concerning measurements of filtration capacity.
B. Folkow

NUMBER 4, AUGUST 1984

Hypothesis

- 267 Insulin is the mediator of feeding-related thermogenesis: insulin resistance and/or deficiency results in a thermogenic defect which contributes to the pathogenesis of obesity
P. Felig

Contents

Original articles

- 275 Walking capacity of patients with intermittent claudication during chronic antihypertensive treatment with metoprolol and methyldopa
M. Lepäntalo and J. von Knorring
- 283 Interstitial colloid osmotic and hydrostatic pressures in human subcutaneous tissue during early stages of heart failure
H. Noddeland, P. Omvik, P. Lund-Johansen, J. Ofstad and K. Aukland
- 299 Blood glucose concentration dependent ACTH and cortisol responses to prolonged exercise
I. Tabata, Y. Atomi and M. Miyashita
- 309 Subcutaneous measurements of ^{133}Xe disappearance with portable CdTe(C1) detectors: elimination of interference from combined convection and diffusion
J. Bojsen, B. Staberg and K. Kølendorf
- 321 Forefoot capillary filtration rate measured during lowering in normal subjects and in patients with occlusive arterial disease before and after arterial reconstruction
J. H. Eickhoff
- 333 Impedance pneumography for long-term monitoring of respiration during sleep in adult males
V. H. Larsen, P.-H. Christensen, H. Oxhøj and T. Brask
- 343 Total body bone mineral *in vivo* by dual photon absorptiometry. I. Measurement procedures
A. Gotfredsen, J. Borg, C. Christiansen and R. B. Mazess
- 357 Total body bone mineral *in vivo* by dual photon absorptiometry. II. Accuracy
A. Gotfredsen, J. Borg, C. Christiansen and R. B. Mazess

Letter to the Editor

- 363 Observations during L-carnitine infusion in two long-term critically ill patients
M. Carlsson, E. Forsberg and A. Thörne

NUMBER 5, OCTOBER 1984

Editorial

- 367 Diabetic microangiopathy, a factor enhancing the functional significance of peripheral occlusive arteriosclerotic disease
J. Kastrup, N. A. Lassen and H-H. Parving

Contents

Original communications

- 371 Respiratory and circulatory adaptation to isometric and dynamic exercise in chronic lung disease
F. Schrijen, P. Ravez and R. Candina-Villar
- 379 Ventilatory effects of biceps vibration during leg exercise in healthy humans
Y. Jammes, J. Askanazi, C. Weissman and J. Milic-Emili
- 393 Pedal blood flow and transcutaneous Po_2 in normal subjects and in patients suffering from severe arterial occlusive disease
O. Bongard and B. Krahenbuhl
- 403 A simplified evaluation of vital capillary microscopy for predicting skin viability in patients with severe arterial insufficiency
B. Fagrell and G. Lundberg
- 413 Evaluation of the transcutaneous oxygen method used at 37°C for measurement of reactive hyperaemia in the skin
U. Ewald
- 425 Myocardial glutamate and alanine exchanges related to carbohydrate metabolism in patients with normal and stenotic coronary arteries
A. Thomassen, T. Toftegaard Nielsen, J. P. Bagger and L. Thuesen
- 435 Response of plasma arginine vasopressin levels to rapid changes in altitude
M. Porchet, H. Contat, B. Waeber, J. Nussberger and H. R. Brunner

Short communication

- 439 Effect of two different preparations of somatostatin on intra-portal pressure in patients with liver cirrhosis
L. Thulin

NUMBER 6, DECEMBER 1984

Review article

- 443 Tissue-selective inhibition of prostaglandin and thromboxane synthesis in man: investigative and therapeutic implications
C. Patrono

Original articles

- 449 Water diuretic effect of intravenously administered 3-deoxo-16,16-dimethyl-9-methylene-PGE₂ in conscious man
L. G. Leksell, N. J. Christensen, O. Vesterqvist and C-J. Wallin

Contents

- 461 Endocrine and metabolic responses after standardized moderate surgical trauma: influence of age and sex
E. Häkansson, H. Rutberg, L. Jorfeldt and L. Wiklund
- 475 Physical training and fasting serum insulin levels in sedentary men
S. P. Woodhouse, W. H. F. Sutherland, E. R. Nye, J. Sargent, G. Waite, C. Merhtens, F. M. Cruickshank and M. R. Belcher
- 483 Influence of glucose and fructose ingestion on the capacity for long-term exercise in well-trained men
O. Björkman, K. Sahlin, L. Hagenfeldt and J. Wahren
- 495 Effects of glucose on alanine-derived urea synthesis
H. Vilstrup
- 509 Diabetes and reactivity of isolated human saphenous vein
R. J. Cardwell and R. C. Webb
- 519 Measurement of oxygen consumption in preterm infants: assessment of a method using a mass spectrometer
K. Hammarlund
- 533 Cardiovascular effects of haemorrhagic shock in spleen intact and in splenectomized dogs
J. W. Horton, J. C. Longhurst, D. Coln and J. H. Mitchell
